PIONEER CITIZEN PASSES AWAY

Death Calls From Our Midst
Mrs. Ellen McDowell
Friday After-
noon

INTERMENT AT MOUNT CALVARY

Death removed one of the pioneer citizens of this city when Mrs. Ellen McDowell passed away Friday at 3 p. m. The end came peacefully after three weeks' illness of infirmities due to old age.

Mrs. McDowell was born March 17, 1833, at Enniskillen, Ireland, and came to the United States when seven years of age. She has been a resident of this city almost forty-three years. At the time of her death she was 83 years, 4 months and 10 days old.

The deceased had been a member of the Catholic church all her life and was one of the oldest members of the Church of Immaculate Conception of this city.

Requiem mass for the deceased was held at the Church of Immaculate Conception Saturday morning. John Dubussion, Jr., and Garland Blair, of this city, grandsons of the deceased, were acolytes.

The funeral was held from the family residence Sunday at 2:00 p. m. Interment was in Mt. Calvary cemetery. Many beautiful floral designs were placed on the grave by friends and relatives as a tribute of the love and esteem they had for the deceased.

Mrs. McDowell's grandsons were pallbearers at her request and her granddaughters were flowerbearers.

Mrs. McDowell is survived by her husband, Henry McDowell and the following children: Sister Edilburga, Order of Loretta, Edina, Mo., John McManus, Owensboro; Mrs. James Mulvaney, Mrs. Pat Blair, Mrs. John Dubussion and Henry E. McDowell all of this city.

NOTICE TO RE- PUBLICAN VOTERS

Saturday, Aug. 5th being the annual Primary Election Day for the purpose of selecting candidates for the respective parties. The Democrats having already made their nomination Hon. H. D. Kincheloe having no opposition. The interest manifested in said primary shifts to the republican party. Two candidates being announced for the congressional nomination, W. T. Fowler of Christian county and F. J. Pentecost of Henderson. We predict that the republican vote in Hopkins County will be polled largely in favor of Hon. W. T. Fowler of Christian, he being in this senatorial district and our door neighbor. All republicans are hereby requested to go to the polls and vote on this day.

NEW POSTMASTER

Mr. W. Wooton is now in charge of the postoffice at Madisonville having taken charge this morning. Mr. Harvey has made a good postmaster and has given satisfaction during his term. No doubt but that Mr. Wooton will make as good a postmaster as the best. It will take him a few days to acquaint himself with the duties, etc. We wish him the greatest success in his new undertaking.

"The Seven Seas" is a poetic name for the oceans of the earth. To answer definitely the question of "J. M. A." the "waters embraced" in the term include, therefore, all the great waters of the earth. Specifically, the seven seas are divided as the North and South Atlantic, North and South Pacific, Arctic, Antarctic, and Indian Oceans.

RESOLUTIONS OF RESPECT

St. Bernard Lodge No. 240
I. O. O. F.

Whereas, God in his wisdom has seen fit to call our worthy and beloved Brother A. R. Paugh who departed this life July 26, 1916.

Resolved That in the death of Bro. Paugh, the lodge has lost a good and true member, his wife a kind and loving husband, and the community a good citizen whose kindness and good deeds will ever be remembered by all who knew him.

Resolved That we extend to his family our heartfelt sympathy in their bereavement and commend them to the care of Him who doeth all things well.

Resolved That a copy of these resolutions be spread on the minutes, a copy sent the bereaved family and a copy published in the Earlington Bee.

STANDING IN THE BEE'S MAMMOTH CAVE CONTEST

Everyone enthusiastic and anxious for the time to come. There is quite a lot of enthusiasm being shown in account of the Bee's River trip to the Mammoth Cave and interest is constantly growing. Several who will make this trip have been to the cave and liked the trip on Green River so well they are going again. Remember this five day trip only costs \$17.50 from here and \$15.00 from Evansville and this includes all expenses. Come on and go with us.

Making a Name For a Town

The citizens of every town have it within their power to make or mar their own municipal name. It will be good or bad, just as they choose to make it.

We of this town are no exceptions to the rule, and the citizen who loves his own home will always bear it in mind.

There are many good points in favor of our community, and when the stranger comes to our midst we should not fail to impress these facts upon his mind.

We should take him in hand, exhibit the community as you would a blooded horse, let him understand that he is among a fair minded, energetic and generous hearted people, and when he goes to other climes he will speak as he has been spoken to.

That is the way reputations are made.

But there is another side, and it is there that mischief is too often done. The stranger enters our door and we immediately begin to complain of the community and of the people.

Nothing is as it should be. Everything is wrong and the town is on the way to the dogs.

And again the stranger speaks as he sees and hears.

That is the way reputations are destroyed.

Which is it to be with us.

AMMUNITION SHIPMENTS

Explodes Near New York
City—Sets Fire to Thirteen Warehouses

AND CAUSES IMMENSE LOSS

New York, July 24.—Property loss estimated at \$25,000,000 was caused early today by a series of terrific explosion of ammunition awaiting shipment to the Entente Allies and stored on Black Tom Island, a small strip of land jutting into New York Bay off Jersey City. The loss of life still was problematical tonight. It will no be determined definitely until there has been opportunity to check up the workmen employed on the island and on boats moored nearby.

Two are known to be dead, and at least two more are missing. Scores of persons were injured, some of them probably fatally.

The detonations, which were felt in five states, began with a continuous rapid fire of small shells, then the blowing up of large quantities of dynamite, trinitrotoluene and other high explosives, followed by the bursting of thousands of sharpnel shells, which literally showered the surrounding country and waters for many miles around.

Moving Pictures

Propagandists are turning more and more to the moving pictures as the means of reaching the people, and the film known as "The Battle Cry of Peace" undoubtedly had a greater influence on the preparedness measure in Congress, than anything that was written or said in the press or from the rostrum.

The "movies" certainly make a hit with the public. Thomas H. Ince has arranged a cinema-spectacle called "Civilization" showing the horrors of war. The production is in reality a peace play, and in magnificence there has never been anything to excel it. Unlike "The Battle Cry of Peace" Mr. Ince's production is not propaganda. It is purely a venture. The sentiment expressed in this great film has so captivated the people of the large cities that the production is classed as a big financial success.

It will likely be shown throughout the country, and the people of the smaller towns will have an opportunity to see it.

FOREST FIRES ARE RAGING

In Northern Ontario—Death List Will Likely Exceed 200

Englehart, Ont., July 30.—Forest fires raging in Northern Ontario are believed tonight to have resulted in the loss of from one hundred and fifty to two hundred lives. Scores of persons also have been injured, and it is feared many of them may die.

Several small towns have been wiped out by the flames that have been raging for forty-eight hours.

Reports thus far received show that fifty seven perished at Mushka, a French Canadian settlement, and thirty four at Matheson.

Cochrane has eighteen dead and thirty-four injured; Iroquois Fall has fifteen dead and many injured, and Ramore, fifteen dead.

The number killed at Porcupine Junction is not known, but the entire town was destroyed except the railroad station.

The death list will be materially increased it is feared, by victims in outlying districts. There are apparently well authenticated reports that many prospectors have been trapped at Tashota and Kowash. One farmer and his ten children are known to have been burned, while the man's wife vainly was seeking aid to check the onrushing flames.

HENDERSON FAIR

The Western Kentucky Fair at Henderson is on this week, beginning today and continuing until next Saturday. Wednesday will be Derby Day and a large number of Earlington people will attend. Reduced rates are effective on the L. & N. this week.

It is leap year, to be sure, but the boys are too bashful and the girls can't pluck up courage.

The next time you meet a grouch take good look at him. It is the way you appear when you are in the same class.

Out the weeds, mow the grass, and rush the garden along. The three speak well for the man and the town.

The wisdom of the fool often puts the wise man to shame.

If it is true that a fool and his money soon part company our delinquent subscribers must be the quintessence of wisdom.

FATHER OF MONROE GIRL SHOTS SELF

Worry Over Daughter's Case
Is Said to Have
Prompted
Act

Elizabethtown, Ky., July 30.—John Monroe, father of Miss Ella Monroe, who is charged with killing her friend, Miss Eva Gregory, last winter, attempted to end his life last night by shooting. He probably will recover. Worry over the charges faced by his daughter are blamed for his action.

Monroe, who lives at Solway, this county, fired a rifle ball into his forehead. Physicians were hurried to his home and it is believed the wound will not prove fatal.

Miss Gregory was shot and killed late last winter. Following her death Miss Monroe was arrested. Her examining trial was held about three months ago.

St. Charles Happenings

Col. W. A. Toombs, of Earlington, spent a few days here last week.

Andy Berry, of the St. Bernard State force, spent Saturday night and Sunday in Madisonville.

C O Lynch and family have moved from this place to Carbondale. Mr. Lynch has accepted a position as bookkeeper for the Carbondale Coal Company.

Walter Ashmore, of the Buffalo country, was in town Thursday.

We understand that there will be quite a number of applicants as carrier for the rural route to be run out of this place in August.

N. W. Umstead, of Earlington, was here Thursday.

Geo C. Atkinson was here on business last Thursday. He also left his subscription for the Hustler.

L. E. Rice, of Greenville, was here Thursday, and incidentally left his subscription for the Hustler.

A. G. Spillman, of Earlington, was here Wednesday.

Stauntan Davis, of the Carbondale country, was in town Thursday.

Norris R. King, who is a member of the Earlington Company, was in town Thursday.

Miss Georgia Frederick, the county nurse, stopped over Wednesday night with friends. Miss Frederick was enroute to Dawson where she addressed the county teachers, her subject being "teeth."

Jas. Suttle lost a very valuable cow Wednesday, same being killed by an I. C. train.

Mrs. W. A. Robinson and daughter Nell, visited relatives in Greenville the latter part of the week.

Mrs. Jno G. Ashmore and daughter Ruby, have returned from an extended visit to relatives and friends in Central City.

There's a lot of good sound horse sense in this town, but we'd like to see it galloping around at a livelier rate.

If you would know something of the inner workings of your neighbor's home just note the attitude of his dog and cat. Their actions tell the story.

A little sunshine in a shadowed life is as precious as gold to the miser. Give of your abundance to those who are starving for joy, and the world will be brighter to you for your act.

TICKET SELLING CAMPAIGN

Started For The Hopkins
County Welfare Chautauqua to be Held in

EARLINGTON AUGUST 12-14-15

The Committee for the Hopkins County Welfare Chautauqua that will be held in this city on August 12-14 15 have decided to put the ticket selling in the hands of twenty ladies, and these ladies will be entitled one free ticket for every ten whole tickets sold and the party selling the greatest number of tickets will be given a free trip to the Mammoth Cave with the Bee's party on August 26th or a cash prize of \$10.00. All who wish to enter this ticket selling contest are requested to be present at the Peoples Bank at 8:30 on Wednesday night when the committee will be selected. As this is the only Chautauqua to be held in this county this year it should be an easy matter to make it a success as people from Madisonville, Mortons Nortonville, St. Charles and other points will likely attend. The contestants in this ticket selling contest will not be limited as to territory and they will doubtless easily dispose of a large number of tickets before the contest closes, which will be at the end of the first nights performance. This contest will begin at 9 o'clock Thursday morning and every citizen of Earlington and the surrounding country are requested to patronize the Chautauqua only for the enjoyment and pleasure they will receive but for the good of the entire community and as evidence of their civic pride.

Summer Time Sweets and Other Good Things

Sometimes I think that a good dessert is the very first test of a housekeepers table. It is an unnecessary part of the menu and, being thus entirely a luxury, it must be a very perfect one to fill as it should the difficult role of a dainty that is wholesome and reasonable—sweet, yet not too sweet; rich, yet not too rich; tempting, yet not too tempting; and in all exactly adequate to the satisfying of the renewed eagerness of appetite that its appearance suggests.

It goes almost without saying that summer time desserts must be light, or that if heavy, they should take the place of heavier dishes in the early parts of the menus. Never let your desserts, in summer of all times of the year, be "just that much too much."

Among ideal desserts right now are fruit jellies. They are always good and are particularly light and refreshing. Remember, when making these that your gelatin must always be soaked in cold water before being dissolved in hot, and that your sugar must be used according to the acid in the fruit, some fruits requiring more than others. One half cup to a pint is a good average proportion.

Lemon jelly is delicious made the ordinary way, and then, when a most cold, poured over the halves of fresh, firm peaches, either in individual molds or in one beautiful dish. Other combinations of fruit with gelatin jelly readily suggest themselves as charming opportunities for appetizing hot weather dainties. Betty Lyle Wilson, in August Southern Woman's.

SHARP, STABBING PAINS

Often Tell of Weak Kidneys—The Fol-
lowing Statement Shows You
What to Do

The sharp twinge of pain in the
small of the back that strikes you
after any sudden twist or awkward
motion, may tell of weak kidneys.
And there are often disturbances of
the urine—too frequent urination,
scalding or burning pain during pas-
sage, discolored urine and sediment.

Doan's Kidney Pills are prepared
especially for weakened kidneys,
kidney backache and urinary dis-
orders—have proven their merit in
thousands of cases. Can Earlington
readers demand more convincing
proof than the following:

L. K. Hickman, of the firm of
Baker & Hickman, Madisonville,
Ky., says: "I had pains across the
small of my back and kidneys. If
I stooped or straightened, sharp
twinges darted through my body.
Two boxes of Doan's Kidney Pills
cured me."

LASTING RESULTS
OVER FOUR YEARS LATER
Mr. Hickman said: "I have had no
occasion to use Doan's Kidney Pills
since I last took them. I still think
well of them."

Price 50c at all dealers. Doan's

"My Experiences in The French Trenches"

Illustrated With Stereopticon Views

By Lieutenant Donald McGibney

LEUTENANT DONALD MCGIBNEY is an American boy who went to Turkey to teach in an American college. When the European war broke out he was taken with other refugees on the battleship Tennessee to France, where he enlisted in the French ambulance corps. For seven and a half long months he was at the front and personally carried between 1,500 and 2,000 wounded soldiers from the trenches to the hospital bases. He is now on leave of absence and will deliver two lectures on the second day of our Chautauqua, one an illustrated lecture with stereopticon views made from photographs taken by him personally.

TWO ADDRESSES THE SECOND DAY OF OUR CHAUTAUQUA

OTHER ATTRACTIONS

TWO lectures by Charles F. Stalker, a Chautauqua lecturer of many years experience; two lectures by Dr. William H. Kent on "Building Up the Home Town"; two entertainments by Irwin "Prince of Magic"; and two musical concerts each by Minetti, the Italian piano-accordionist; The Capital City Concert Company; and The Dickson's, a quartette composed of a mother and her three musical sons.

Coming For Our Chautauqua

TWO of the most interesting numbers on our Chautauqua program will be the concerts on the last day by "The Dickson's," a quartette consisting of mother and three sons. Mrs. Dickson is an accomplished singer and the sons from earliest childhood have been instructed in music both instrumental and vocal. Their program in both the afternoon and evening is made up of vocal solos, duets and quartettes, combined with instrumental selections on the violin, clarinet, piano and cello, singly and together. They have had many years experience on the Chautauqua platform and have so perfected their concert that the audience never tires but thoroughly enjoys and appreciates their numbers. Lovers of music should not miss these concerts on the last day.

MINNETTI, HERE FOR OUR CHAUTAUQUA

TO many people the soft, silvery tones of the wonderful piano-accordion, which closely resemble the tones of a pipe-organ, are the most pleasing of all musical selections. Angelo Minetti, the young Italian who appears on the second day of our Chautauqua program, with an instrument that cost him almost one thousand dollars, puts into his playing all of the vigor and expression that is peculiar to his race. There are only six of these instruments in America. All should hear him.

Gives Two Illustrated Lectures the First Day

CHARLES F. STALKER, a lecturer and orator who appears on the first day of our Chautauqua program, has been pleasing Chautauqua audiences for eleven years. Those who miss his interesting Chalk Talks will always regret it.

IRWIN, PRINCE OF MAGIC

Who Will Be Here on the Second Day of Our

CHAUTAUQUA

EVERYBODY COME!

EVERY man, woman and child in this community should plan now to attend our Welfare Chautauqua, the dates for which are announced below. There will be entertainment, instructions and inspiration for all. Some of the leading attractions are as follows: Two popular lectures by Charles F. Stalker, a Chautauqua lecturer of many years experience; two lectures, one illustrated with stereopticon views by Lieutenant Donald McGibney, on his experiences in the French trenches; two lectures

by Dr. William H. Kent, on "Building Up the Home Town"; two entertainments by Irwin "Prince of Magic"; and two musical concerts each by Minetti, the Italian piano-accordionist; the Capital City Concert Company; and The Dickson's, a quartette composed of a mother and her three musical sons. The program is a lively and entertaining one throughout, and offers a rare treat to the people of this community.

KENTUCKY NEWS CUT TO THE QUICK FOR BUSY READERS

The state workmen's compensation act went into effect August 1.

Two children have died in Middleboro from infantile paralysis.

Lexington will probably be the place for the opening of the Republican state campaign.

A new \$25,000 hospital will be built in Hazard, the money being raised by subscription.

Many bodily ills are traced to faulty teeth by learned men who lectured at the National Dental Association, which met in Louisville.

Kentucky will get approximately \$100,000 from the federal government good roads fund during the fiscal year ending July 1, 1917.

Wheat is bringing the highest price ever known at threshing time. In some sections \$1.35 per bushel and up is being offered, but many farmers are holding it.

The air of expected early departure for the border continues to throb in Kentucky's mobilization camp at Ft. Thomas. Officers admit they no longer fear a long stay at the fort.

It is claimed that Louisville has a good chance of obtaining one of the farm loan banks to be established by the federal government under the new rural credits law.

Henry S. Barker, President of the University of Kentucky, has asked the Carnegie Foundation to make an efficiency survey of that institution. The matter will be determined in September.

The model road between Carlisle and Sharpesburg through Moorfield has been completed. This is one of the most traveled highways in the state and has been under construction for two years.

"War on weeds" is now the slogan of Trenton City, and city and civic bodies are working for a clean and healthy town. An ordinance, providing a fine for failing to clean up, became effective August 1.

Forrest Bocock, of Lexington, a chauffeur with the Omnibus and Transfer Company, will remain with the Omnibus Co., although he was notified that he had fallen heir to \$12,000 and 500 acres of Florida land, 225 of which is in an orange grove.

The Kentucky Actuarial Bureau has issued a complete set of rules covering the use of the coinsurance clause under the new state law. Eleven rules are promulgated, the most important one being "When in doubt consult the bureau."

Attorney General M. M. Logan will be asked for a construction of the new insurance law passed by the last Legislature before the Insurance Rating Board decides a number of questions which have been propounded by fire insurance companies.

Robert Ormes, an officer at the Louisville industrial school of reform, died of wounds received when he was attacked by Monte Guess, 15, and beaten over the head with a heavy iron ball. Ormes, asleep on a cot, was attacked in the presence of eight other boys.

The Bank of Maysville, National Banking Association and the Union Trust and Savings Bank Company, of Maysville, have gone into voluntary liquidation for the purpose of uniting in a reorganized Bank of Maysville. The capital of the new bank is \$100,000.

J. D. Young, of Danville, has a dime made in the year 1815. This relic came into his hands accidentally in change, possibly by some mistake of the former possessor. He prizes it very highly and will add it to a collection of old coins that he already had.

W. B. Dillman, rural mail carrier on Route 4, Hopkinsville, has never missed a day from work in the fourteen and a half years he has been in Uncle Sam's service, and he has traveled 110,000 miles. Four other Christian County carriers have traveled more than 100,000 miles each.

Seventy-five prisoners from the reformatory were sent to Bell County recently to begin road construction under state aid. Assistant Deputy Warden Gus Rogers is in charge of the prisoners, with several guards from the reformatory and the Eddyville penitentiary.

Contracting cancer, it is believed, from the habit of holding a toothpick in his mouth, which produced blood poison from the ulceration on his lip. Hogan Hightchew, of Ashland, for twelve years a member of the Ashland police force, is dead at the age of 59 years.

The first section of the new Cumberland & Manchester Railroad, from Barbourville to Manchester, Clay County, has been opened for freight traffic. The initial shipment was a train load of staves. Twelve miles of the new line are complete and in operation.

At the Bluegrass fair, which will be held in Lexington August 7 to 12, the College of Agriculture of the University of Kentucky will make an educational exhibit of farm, orchard and garden products and also many other material representatives, each intended to teach its lesson.

Three hundred miners at Fork Ridge, near Middleboro, went on a strike, demanding an increase of ten cents on each car of coal mined and 10 per cent increase for the laborers. The trouble, it is said, was brought about by the superintending increasing the size of the mine cars without any increase in pay.

An aged terrapin which has made its headquarters on Squire O. P. Overbey's farm, near Mt. Olivet, for many years, came into the limelight again recently. He has carved on his shell the initials "O. W. C." and the figures "1874," which were traced there by Charles W. Cameron when Mr. Cameron was a citizen of this county.

A tentative rule adopted at the public hearing of the fire protection insurance code, as promulgated by Tom Pannell, state fire marshal, provides that all private garages in a residence, or within 25 feet of a building, must be fireproof. This rule places private garages on the same basis with public ones.

The continued loss of tobacco lines to outside brokers in Kentucky is leading to action on the part of Kentucky agents. The danger of losing several important lines at Henderson brought about a meeting of field men at Louisville, and a committee was appointed to investigate the entire question and to devise means for protecting the business of local agents.

County Clerk John D. Hall, of Benton, has in his possession what is perhaps the oldest Bible in the county, or in the nation for that matter. It was owned by Thomas Bethel, of Ireland, and is dated in 1697. This family Bible contains the family record of the Bethels, of Ireland, and the record is in a pretty good state of preservation notwithstanding the ravages of time.

Commissioner of Agriculture Cohen has made a compilation of the reports received with reference to the number of acres of strawberries in Kentucky, and announced that there are 3,226 acres in strawberry plants in this state. Warren County leads this industry, with 1,300 acres. Campbell County and Jefferson County each have 150 acres and McCracken County has 140 acres.

Receiver R. J. Colbert has been authorized by the Fayette Circuit Court to collect unpaid stock subscriptions to the Kentucky Rural Credit Association and to dispose of mortgage notes belonging to the association at par, with interest. Of these \$17,000 are in 6 per cent five-year notes, and \$100,000 and over are in 5 per cent twenty-year notes. It is claimed that there will be a ready market for them.

The new town of Neon in the Boone's Fork coal fields, near Whitesburg, is soon to have an electric light and power company, to be organized by the business interests of the rapidly growing town. An ice plant also is proposed and it is likely to be established at once. Neon is bound to have a big building boom, many lots having been sold during the last few weeks.

The Paducah Press Club has presented Mrs. Allie S. Cope, county agent for home demonstration work, with an automobile. Mrs. Cope, who is a Paducah woman, has done great work in McCracken County, and her services were so much in demand that it was impossible for her to do justice to her work. The automobile will enable her to get over the county rapidly.

Fifty touring cars, occupied by leading farmers and merchants of Morganfield, made a tour of Union County, visiting various sections to see the crops. Union has been noted as one of the state's best wheat counties, but this year that crop is almost a complete failure. This has not depressed the planters, who are enthusiastic over the first Farmers' Chautauqua, which is scheduled for October 19-21, at Morganfield.

Tobacco growers of the Henderson, Hopkinsville and Owensboro district are again deprived of marketing their product in Germany and Austria by an order which became effective rescinding the privilege granted last November of sending tobacco to the Netherlands, there to be reconsigned to the central powers. Unless this new order is modified the foreign market for dark tobacco grown in Kentucky and Tennessee will be ruined, the growers assert.

In the presence of several hundred of Kentucky's most prominent citizens, ground was broken for what is probably the most difficult piece of work in construction of the Dixie highway, leading from Chicago to Florida. The location of this scene is the very summit of the historic Scaffold Cane Hill, a few miles south of the site of Berea College at Berea and the point at which the Dixie highway coincides with a section of the old Daniel Boone trail.

It will soon be up to the states of Kentucky and Tennessee to furnish new sources of petroleum production, according to operators who are in touch with all the high grade fields of the country. The fields of Pennsylvania, Ohio, Illinois, Indiana and West Virginia have been going backward at a rapid clip, these states having been pretty thoroughly drilled over. This summer Kentucky has come forward in production of petroleum at a remarkable rate, each month since the beginning of the year having shown a larger new production than the entire year of 1916.

Kentucky surety men are complaining of the ruling of the Workmen's Compensation Board fixing the bond to be given by self-insurers under the compensation at five times the annual premium, with a maximum of \$25,000. The board has indicated that it would require only a nominal bond from concerns which it considered financially able to carry their own risk. The surety men point out that a bond would not be given to a concern which was not now financially sound, and that the purpose of the bond is to cover the contingency of a concern becoming insolvent. The surety men urge that the bond be fixed on the basis of the ability of the employer under the act.
